

NYASA LONDON BIO ACTIVE & ESSENTIAL OILS

NYASA
LONDON

Key Actives:

Advanced Tetrapeptide – This helps to optimise skin repair activities, boosting skin turnover and regeneration, which are even more important at night. It also promotes cellular natural defences against UV damage.

AHA Fruit Acids – A mix of fresh fruit extracts, these stimulate cellular mobility and turnover, improving the skin's appearance and enhancing smoothness, luminosity and tone.

Betaine – Helps to reduce puffiness by controlling fluid build up.

Hyaluronic Acid – With a remarkable ability to hold moisture, it promotes soft, smooth, hydrated and elastic skin.

Hyaluronic Spheres – Due to their high water retaining capacity, these spheres work as micro reservoirs in the skin. They provide long lasting hydration and help to smooth away deep wrinkles, recreating the skin's natural moisture by supporting the water and lipid balance in the epidermis.

Liquorice Extract – The use of licorice to soothe skin dates back thousands of years. It helps to even out skin tone and gives radiance to the skin.

Lupin Seed Extract – Increase the synthesis of type 1 collagen that diminishes with age, and helps to even skin tone and improve firmness.

Micro Algae – An innovative lifting ingredient, it smooths and tightens the skin with visible results.

MSM – A key component of collagen, it helps to reduce fine lines and wrinkles, even skin tone, and strengthen and improve skin's firmness and elasticity.

Pomegranate Enzymes – Free radical scavengers with anti-oxidant protection, they help to gently clean and exfoliate the skin.

Punarvana – An Indian plant recognised for its anti-inflammatory properties, it soothes and protects the skin from environmental and biological stress.

Pure Swertiamarin – A powerful Ayurvedic plant extract, it promotes cellular rejuvenation whilst helping to plump and diminish fine lines and vertical wrinkles.

Resurrection Plant – A natural wonder, it helps rehydrate, strengthen, tone and regenerate the skin whilst enabling it to withstand everyday stresses and strains.

Rhodiola Root Extract – Helps to reduce puffiness and sagging, stimulate cell metabolism and increase skin firming.

Rosehip Oil – Rich in vitamins A, E, F and Omegas 3 and 6, it helps to balance moisture levels and promote skin rejuvenation.

Saccharomyces Cerevisiae Extract – Promotes cellular oxygen consumption and re-energises the skin.

Sweet Almond Oil – Naturally light yet rich in essential fatty acids and Vitamins A, B, and E, it penetrates and softens the skin, helping to clean pores.

Spilanthes Flower Extract – From the Asteraceae family of plants, this potent extract helps to reorganize the structure of the dermis, and increase density and firmness.

Swiss Garden Cress Extract – Rich in anti-oxidants, it targets and helps to even skin tone and visibly reduce age spots.

Turmeric Extract – Known since ancient times for its anti-bacterial and anti-inflammatory properties, its anti-oxidant effects promote evenness of tone and skin radiance.

Vitamin C Activator – Vitamin C has multiple uses in the body. This activator promotes healthier, younger looking skin through the activation properties of natural enzymes. The conversion is gradual and it has a more sustained effect than conventional vitamin C.
